JADE

AN EPIC JOURNEY
FROM THE DEPTHS OF EARTH TO
THE MUSEUM HALLS OF NEW YORK

Dr. Kennet E. Flores

Brooklyn College of the City University of New York
American Museum of Natural History, New York

Kennet is a Costa Rican 🇸🇨 geologist specialize in tectonic evolution and kinematics of convergent plate boundaries. He is a self-proclaimed field regional geologist who applies various techniques, including igneous and metamorphic petrology, geochemistry, geochronology, structural geology, and sedimentology, to understand large scale tectonic processes such subduction, accretion, collision, obduction, and exhumation.

Monday, July 29, 2 p.m.
Bldg A07, Rm#436, Kawauchi Campus
